# EGGVANTAGE

Aristogene

## For Enhanced Egg Production and Shell Quality

## THE PRODUCT:

EGGVANTAGE is a feed additive formulated with key nutrients and probiotics for laying birds. It supports higher egg production, stronger shells and better egg quality while promoting digestive health and overall performance.

## PRODUCT BENEFITS:

- **Egg Production** – Supports egg production and stronger eggshell quality
- **Shell Strength** – Helps improve eggshell strength and yolk colour
- **Key Nutrients** – Provides Calcium, Vitamin $D_3$, Phytase and Xanthophyll
- **Digestive Support** – Enhances digestion with probiotics
- **Natural and Safe** – A non-antibiotic, safe feed additive for laying birds

## DOSAGE:

**100 g in 1 kg feed**

## STORAGE:

Store in a cool and dry place

Feed Additive | Not to be used for Human Consumption

**Manufactured By:**

**Aristogene Biosciences Pvt Ltd**
